

Epson EB-W53

EPSON EB-W53

Brief Introduction

Beta 2.5

The EB-W53 LCD projector from Epson has 4000 ANSI lumens, a contrast ratio of 16000:1 and a WXGA 1280 x 800 resolution. The lamp life is up to 12,000 hours, which would be over 16.4 years if viewed for 2 hours a day. Files can be played directly using the integrated media player. A built-in horizontal and vertical keystone correction provides freedom when setting up the projector. The projector can illuminate a screen width of 643 cm. The projector can handle rooms with residual light with a smaller screen width; we would recommend a maximum of 429 cm in this case. It is also Full HD 1080P compatible.

Display Type

3 x 0,59" LCD TFT Panel mit C2 Fine
WXGA 16/10 Liquid Crystal Display
